Moderator's Remarks

Lynn reflected on the chaos in Florida the last few weeks, saying we were strongest together. It has been a different year of transformation and resurrection. We have a new Associate Conference Minister, John Vertigan retired; Dana Ney is back in the office; Rev. Nayiri Karjian has joined us; and new Board and Committee members. We have 70 pastors and 14 members in discernment. We are financially sound with investments, OCWM, reserves and nationally. What's next?

Lynn challenged the gathered community to think about

- Strategic planning and new marketing thorough media for our churches
- Collaboration between churches
- Keeping up the fight to be inclusive for all
- What you would do if you knew that your church was closing in one year?

Thank you for your support, grateful for something bigger, together we can make a just world for all!!

Vote on By-Laws Amendments and Other Resolutions

Florida Conference Mission and Vision Statements were moved, seconded and passed as follows:

Our Vision: Uniting in God's love to create a just world for all.

Our Mission: The Florida Conference of the UCC connects and empowers local ministries to live out the inclusive teachings of Jesus Christ, toward a just world for all.

Article IV: Motion for role of Immediate Past Moderator be added to the Florida Conference by-laws for a period of two (2) years following the Moderator's term to serve as ex-officio member, without vote, upon approval of the Board of Directors. Immediate Past Moderator to provide historical and institutional knowledge and act as an advisor to the Moderator and Vice Moderator. The Past Moderator may attend quarterly Board meetings at Moderator's request.

Motion was discussed and defeated. It was the consensus agreement that the issue could be addressed in a policy rather than the Bylaws.

Article V: Resolution regarding Southeast Conference Geography: Motion and discussion regarding the Southeast Conference written resolution to redistrict the western area of the Florida panhandle to return to the Florida Conference. The resolution was rewritten and presented from the Florida Conference perspective as well.

Motion: "Therefore, Be it resolved that the geographic boundaries of the Florida Conference be adjusted with the agreement of the Southeast Conference and subject to the approval of the General Synod, so the boundaries of the Florida Conference would include the Florida Panhandle west of the Apalachicola River."

Motion carried.
